Provider Name and Location:	Lisa Goodanew: 1285 Robins Road Hiawatha IA 52233 Provider Number: 40790

Complaint: Providers adult son made comment to young girl that he could see her underwear. Later the younger brother said he touched his butt.

Rule Basis: 110.5(9)a Gives careful supervision at all times.

Findings: Unannounced home visit on 5-19-14. Provider said she was there when her son said could see the underwear. The child had on bright colorful underwear with white pants and was sitting with her legs wide open. They both told her to close her legs because they could see the underwear. She denied that her son, who is also a substitute provider, had touched a child in the butt. They are also foster parents and have discussed the need to be hands off with the children to prevent any allegations. They denied he touched the child. Lisa said he has not been alone except to transport the children from school to home. When that happens there are many children in the car at the same time.

Resolution: [Click here to enter text.](#) After observation of the home and interview with the provider there is nothing to substantiate the complaint.
